From almost all airports there are shuttles to reach Brescia or you can connect by train. Travelling with taxi might be very expensive.

### By train

Reaching Brescia by train from the main Italian cities is the easiest option, since the city is very well connected by train, along the line Torino-Venezia. There are very frequent regional trains and fast trains (Frecciarossa and Italo). Time schedules and prices are available on the website of Trenitalia ( <https://www.trenitalia.com/> ) and Italo ( <https://www.italotreno.it/it> ). Please note that there is only one stop in Brescia (Stazione di Brescia) and the metro station is directly connected to the train station.

### By car

For those travelling by car, the main highways that connect to Brescia are:

1. A4 Autostrada Serenissima: If you're traveling on the A4 highway, the main exit for Brescia is "Brescia Ovest" (Brescia West) if you're coming from the west, or "Brescia Est" (Brescia East) if you're coming from the east.

2. A21 Autostrada del Sole: If you're on the A21 highway, you'll want to take the "Brescia Centro" exit for the central part of Brescia.
3. A35 BreBeMi: If you're using the A35 highway (BreBeMi), which connects Milan to Brescia, the exit for Brescia is clearly marked as "Brescia Centro."

In order to reach the Venue of the Conference, from any exit of the highway, follow the directions Brescia Centro (Brescia city center) and San Faustino Parking.

### Venue of the Conference and the surroundings

The Conference will be held in the Department of Economics and Management (DEM) premises. Please note that DEM has two sites, very close each other: the Monastery of San Faustino Maggiore (<https://www.unibs.it/en/node/2063>) and the Monastery of Santa Chiara (<https://www.unibs.it/it/ateneo/organizzazione/sedi/economia-santa-chiara>); the walking distance between the two places is less than 5 minutes, as it is shown in the map below.

There are many bars and restaurants around the Department and a short walk away there are very beautiful bars and restaurants in the main squares of Brescia, which are Piazza della Loggia and Piazza Paolo VI.

## How to reach the venue of the conference

The Department of Economics and Management is in the very downtown of Brescia, close to the main monuments and squares of the city center. It is connected to the train station through the subway (stop at San Faustino). Brescia subway is a fully automatic driverless light metro connecting Brescia northern area to the southeastern neighborhoods and passing through the town center. For more information on the subway, please visit <https://www.bresciamobilita.it/en/the-brescia-subway>. As shown in the map below, the metro station at the train station is Stazione FS. An alternative to reach the Department is to call Vittoria and take a 10-minute walk towards San Faustino. Tickets can be purchased directly on the premises of the subway and e-payments are available at all stops. A 90-minute ticket costs 1.50 euros.

For those traveling by car, there is a multi-level car park in San Faustino, adjacent to the premises of the DEM. Please note that entering by car in the city center is prohibited, because of traffic restrictions; San Faustino parking is the closest option to the city center.
